Designed by a renowned interior architect, this apartment on the seafront is a very sophisticated interpretation of the Belle Epoque heritage in today's taste, with the ultimate high-end luxury amenities.

In the pure tradition of Master apartments, the interiors offer well-defined elegance and character with Art Deco elements under high moulded ceilings, while French windows reveal an unimpeded Mediterranean panorama.

The living space comprises of a vast sitting-room, a dining-room, an open kitchen separated by wide partitions, 3 spacious suites including a Master, all with refined marbled bathroom and bespoke closets.

Inside nothing but luxury and voluptuousness: harmony between colors, subtil melt of the finest marbles, Cappuccino and Honey Onyx, while prestigious woods, wenge and herringbone parquet floors, add warmth to immaculate spaces, the whole punctuated by some bright accents with bronze mirrors. The custom-designed furniture and accessories endow a unique atmosphere with a timeless elegance.
